

NEGRO NATIONAL BASEBALL LEAGUE

May 11, 1939.

TO THE OWNERS:

Following up on the arrangements made at our last meeting, please consider this letter of instructions final in handling the scores of each League game played.

You no doubt have received word about this same thing from Mr. Cum Posey and Mrs. Manley, but their thoughts are included in this letter which you are asked to adhere to very closely.

For many season's we have lacked a central location where all scores will be received, immediately after the games are played, so that the various owners can secure them and at the same time furnish the information to the newspapers for immediate publication. This will take care of that requirement very nicely, and I'm impressing upon you the importance of cooperating to the limit without any possible laxity.

Just as soon as a Negro National League game is played and over on either a week day or Saturday, the HOME CLUB must phone or wire the result to me, Ed. Gottlieb, 509 Market Street, Phila., Pa., Lombard 3787.

Due to the fact that my office is closed on Sunday's and Holiday's, follow the same procedure, but phone or wire the results to Mrs. Effa Manley, 101 Montgomery Street, Newark, N.J., Bigelow 3-6383, who has agreed to volunteer her services on the above mentioned days.

The information which you are to supply should have the score by innings and batteries. Full data and details of every box-score should then be sent each Thursday at the latest to C. W. Posey, 324-13th Avenue, Homestead, Pa. for weekly publication.

Please be sure you take care of the above without fail. Best of luck for the season.

Sincerely,
Edward Gottlieb
ED. GOTTLIEB
